

Attack on Daugherty Is Renewed

Senator Caraway Places Letters in Record Alleged to Show Interest in Release of Shipbuilder.

Says Confidence Broken

Washington, May 23.—Renewing his attack on Attorney General Daugherty in the senate today, Senator Caraway, democrat, Arkansas, placed in the Congressional Record alleged copies of two more letters purporting to show that Mr. Daugherty was directly interested in obtaining the release from the Atlanta penitentiary of Charles W. Morse, the shipbuilder.

The letters, published today in a local paper, the senator said, showed that Mr. Daugherty was engaged as counsel in the case because he had the confidence of former President Taft, who commuted Mr. Morse's 15-year sentence, and charged that Mr. Daugherty had "abused" Mr. Taft's confidence.

One of the letters purported to be from Thomas C. Felder, New York attorney, alleged to have been associated with Mr. Daugherty in the Morse pardon case. The other, alleged to have been written by Frank L. Seeley, editor of the Atlantic, Georgian, to Mr. Felder, said that Mr. Morse owed his liberty and his life "to yours and Mr. Daugherty's efforts." Both letters bore 1917 dates.

Prevented Rectification. Commenting on statements in the letters that Mr. Felder and the present attorney general took steps to prevent revocation of Mr. Morse's release when it was charged that fraud had been practiced upon President Taft, Senator Caraway asserted that Mr. Felder and Mr. Daugherty, if not cognizant of the original fraud, prevented rectification.

If they were not a party to the fraud in its original preparation, said Senator Caraway, "they became accomplices after the fact." Senator Morse, republican, New Hampshire, when Senator Caraway had finished, asserted that the whole performance "in connection with discussion of the Morse case was a smoke screen to hide democratic cabinet officers who served under the last administration. The Morse and Bosch Magneto cases, now before the department of justice, the New Hampshire senator said, "promised to seriously embarrass a former attorney general and former secretary of the treasury."

The evidence submitted in the Morse case, if placed before a jury, Senator Caraway declared, would convict both Mr. Daugherty and Mr. Felder of fraud.

Engaged by Editor. The letter by Mr. Felder, purporting to have been written to Leon O. Bailey, New York, detailed connections, said that Mr. Felder was engaged by Mr. Seeley, the Atlanta editor, and that Mr. Felder arranged to renew Mr. Morse's commutation plea just before expiration of Mr. Taft's term.

The letter said that Mr. Felder and Mr. Daugherty was informed by Dr. A. L. Fowler, prison physician, that Mr. Morse appeared to have Bright's disease.

Dr. Seeley began a largely a summary of the events leading to the alleged retention of Felder as counsel for Morse. Felder's name, the letter said, "was suggested to Morse by Seeley after the banker-counsel had tried every possible avenue of relief." Reference was made to the writer's sense of disappointment because of Morse's failure to pay the fees agreed upon.

Memorial Planned for Illinois Doctor

St. Louis, Mo., May 22.—Physicians here are considering establishment of a permanent memorial to Dr. Heber Roberts of Belleville, Ill., who died from X-ray burns sustained during experiments with radioactive substances.

Dr. Roberts began experimenting with X-ray 20 years ago and continued his researches, although the loss of four fingers, one by one, warned him of the approaching danger of death through his work. Weeks before his demise he realized he could not survive the ravages done to his system by the burns.

Summoning his physician friends, he submitted to them a diagnosis of his own case. This was after he had visited sanitariums at Baltimore and Washington and had been treated according to his own formula for relief of such cases.

Recognized as an authority in X-ray treatment, Dr. Roberts determined to take charge of his own cure. But the malignant burns had spread too far, and despite applications of radium, of which he possessed a large store, he could not stop the spread of the deadly toxins to his chest.

Post-mortem examination of the body confirmed the specialist's diagnosis of his own case.

Harding's Failure to Attend Dedication Is Deep Mystery

Woman Republican Leader Says "There's a Reason" for President's Absence at Housewife Headquarters, but Refuses to Divulge It—Invitation Accepted Several Months Ago.

Omaha Bee Special Wire. Washington, May 22.—The failure of President Harding, at the last moment, to attend the dedication of the national women's party headquarters yesterday, in spite of the fact that he had accepted several months ago, the invitation extended to him to be present at the ceremony, is rapidly approaching the proportions of a mystery.

No explanation was given by the president in his letter to Mrs. John Gordon Battelle of Ohio, one of the most prominent republican women in the state and an active supporter of President Harding in the 1920 campaign, who extended the invitation he had accepted last December.

"I am writing to say that it will not be possible to be present," the president wrote.

According to Mrs. Battelle, the reason was given to her in a telephone message shortly before the letter was received by her on Sunday.

Reason Deep Secret. "There was a reason," she says. "No, I can not tell you one what it was, but there was a reason." Not even to Mrs. O. H. B. Belmont or Miss Alice Paul, president and vice president of the woman's party, would Mrs. Battelle make known the reason given her by President Harding. She insisted, however, that it was not the opposition of any other organization of women that had caused the president to withdraw his acceptance.

98 Missing After British Steamer Sunk in Collision

2 American Women Believed to Have Perished After Cargo Ship Rammed Ship 26 Miles From Brest.

Brest, May 22.—(By A. P.)—Ninety-eight persons are missing and 242 are said to be who were on board the British steamship Egypt when it was sunk off the island of Ushant Saturday night by a collision with the French cargo steamer Seine, according to the latest official report.

News of the disaster was brought here yesterday by the Seine, which made port with the rescued and 20 bodies. The Egypt was bound from London for Bombay. Ushant is 26 miles west by north of Brest.

The Egypt sailed from London for Bombay, Friday, with 44 passengers and a crew of 290. A roll call on board the Seine after the disaster showed that at least 15 of the passengers and 80 of the crew of the Egypt were missing.

American Missing. Two American women, Mrs. M. L. Sibley and Miss V. M. Boyer, were on board the steamer Egypt and are missing, according to the Peninsular and Oriental line officials at London.

R. F. Bevan, another American, was saved. The collision occurred during a fog on the night of May 21, off the Armen lighthouse. The dinner gong was about to be sounded on board the Egypt. Many of the passengers and most of the crew were on deck. The shock threw several persons into the sea; others jumped and a number went down with the ship, which sank in 20 minutes.

Bodies Taken to Brest. The Seine, badly damaged, reached Brest yesterday with 29 rescued passengers, more than 200 of the crew, and the bodies of 20 dead. The captain of the Egypt is among the saved.

When the collision occurred there was a rolling sea. Some of those rescued charge that the Indian sailors on board the Egypt usurped the lifeboats, compelling a large number of the passengers and crew to shift for themselves.

Those who jumped into the sea and who could swim scrambled about from bits of wreckage to which they might cling. Many of these were rescued. The boat about in the fog after the Egypt went down, calling for help. The sound of their voices directed members of the crew of the Seine in small boats who were patrolling the sea picking up both living and dead.

Among the known missing are the doctor and chief engineer of the Egypt.

The Egypt was a vessel of 8000 tons. The Seine was bound for Havre when the collision occurred. The Egypt went down in 400 feet of water. She carried \$300,000 in gold, besides a consignment of mail for India. So far one mail pouch has been picked up, but nothing else except the wreckage from the crash was found on the surface.

The ship's officers did not even save the vessel's papers.

American Victims. Boston, Mass., May 22.—Mrs. M. L. Sibley and Miss V. M. Boyer, were missionaries bound for India who have been in this city recently. Mrs. Sibley, a member of the staff of the American board of commissioners for foreign missions, has relatives in Toledo, O. Miss Boyer, who formerly was her home at Aspinwall, Pa., was going out as a teacher in a school for missionaries, children and others in south India.

Burch Jury Disagrees; Discharged

Final Ballot Reported 7 to 5 for Acquittal of Man Charged With Murder of J. Belton Kennedy.

Women Vote for Freedom

Los Angeles, May 22.—The jury in the trial of Arthur C. Burch for the murder of J. Belton Kennedy was discharged by Judge Sidney N. Reeve today after reporting it was impossible to agree upon a verdict.

Jurors said that the final ballot was 7 to 5 for acquittal. This division was unchanged since Saturday when the first ballot of 6 to 6 was changed by one more juror swinging to favor acquittal. The four women on the jury voted for acquittal. The case was placed in calendar for next Saturday to be set for a third trial.

After adjournment the four women jurors gathered about the Rev. Mr. and Mrs. W. A. Burch, parents of the defendant and shook hands with them. One of the women jurors said to Mrs. Burch: "We all feel very sorry for you."

The second trial of Mrs. Obenchain, jointly indicted with Burch, is set for June 5 next. District Attorney Thomas Lee Woodruff announced several days ago that Mrs. Obenchain would be retried regardless of the outcome of the Burch trial.

This was the third trial in connection with the Kennedy slaying. The first Burch jury stood 10 to 2 for conviction and the Obenchain jury 9 to 3 for conviction.

Lady Astor Pleads for America to Be Good Samaritan

Renews Appeal for U. S. to Enter League of Nations or Body With Similar Aims.

New York, May 22.—Lady Nancy Astor, in a farewell speech before returning to her job in the home of common from a visit of six weeks in her native land, pleaded tonight for America to be the Good Samaritan to suffering Europe and not stand by unconcerned. She repeated her appeal for the United States to enter either the league of nations or a league with similar aims for peace.

Nearly 2,000 men and women heard her address at a dinner given in her honor. Lord Astor also brought forward any man but an honest man as president.

"They haven't all been Sir Galahads or George Washingtons or Abraham Lincolns," she added, "but they have all been like Caesar's wife—above suspicion. That we may recall with pride."

Then she remarked that people were so apt to feel indifferent about local politics, that "so long as the taxes don't go too high and the local bosses don't get too rich, we shrug our shoulders and go on."

"If we are content only to have our presidents fine and to have less fine local politicians we are making it hard for a president to do fine things," she said.

Nation Has Official "Sob Story" Listener

Washington, May 22.—Uncle Sam's official listener to "sob" stories is one of the world's most patient and indulgent men.

He is James A. Finch, pardon attorney of the Department of Justice. Day after day mothers pour their appeals into his ears—pleas for lenient view cases of men incarcerated for life.

Finch's office is thronged almost daily with such visitors waiting their turn. Sometimes he must hear the pitiful stories of little children, come to ask the government to wipe the record clean of their fathers serving terms for law breaking.

The attorney general rates Finch as one of the government's most efficient officers, and his recommendations are usually based upon Finch's personal investigation of the facts set forth in clementy appeals, which number thousands annually.

Banker Plays Band. An example of the genial good fellowship which permeates the organization is found in H. E. Waldron, president of a bank at Glidden. In his youth he was a pitcher for a league ball club, and when he came to Glidden he built up a team around himself that for years carried away all honors. Now and then he again takes the mound. Now, however, the age and taste of this village financier leads him to play the traps in the community band.

What Congress Would Like to Do

Mexico Seeks American Aid to Refund Debt

No Backing to Be Given Until Obregon Government Recognizes Valid Titles of Property.

By GEORGE F. AUTHIER. Washington Correspondent Omaha Bee. Washington, May 22.—(Special.)—The arguments which Secretary of State Hughes applies to Russia are equally applicable to Mexico.

In fact, in shaping its policy towards Russia, the State department has Mexico in mind. Secretary of State Hughes points out that any rehabilitation of Russia must come about through the use of private capital.

Exactly the same situation exists in Mexico. There the Obregon government refuses to eliminate the obnoxious article 27 of its constitution, under which confiscatory power is alleged. Neither will the Obregon government agree to nullify it by a treaty agreement.

Secretary of the Treasury Adolfo de la Huerta is on his way from Mexico to the United States to consult with New York bankers concerning the refunding of the Mexican debt. He will be told the New York bankers will be glad to take over the Mexican debt, provided they can be assured of government backing.

"Just been out making an investigation at Milligan, Exeter and Friend," Fulton said. State officers had been searching the country for Fulton for the last 36 hours.

Attorneys Plan to Frustrate King's Election

Motion for New Trial Will Be Filed for Guard Slayer Scheduled to Die June 9.

Lincoln, Neb., May 22.—(Special Telegram.)—An attempt to block the electrocution of James B. King, confessed slayer of Guard Robert Taylor, will be made May 29, when attorneys for King will file a motion in supreme court for a new hearing, it was announced today by Richard Stout, one of King's attorneys.

Under a ruling of the supreme court affirming sentence of the Lancaster county district court King is to be electrocuted June 9.

Warden W. T. Fenton announced Saturday he had written to Boston for an electrocutioner to be here on that date.

Stouts stated today that the last day for filing a motion for a new hearing was May 29.

Judge Dean of the supreme court wrote an opinion in exact contradiction to the testimony presented at the trial to the effect that King's confession was wrung from him under duress," Stout said.

Warden Fenton stated today that if there were continual delays necessitating sending and reending for an eastern electrocutioner such as was experienced in the Cole and Grammer case he would take the electrocutioner's place himself.

Gunmen Kill Ulster Legislator

Sir James Craig Calls Special Meeting of Cabinet and Legal Authorities on Assassination.

Belfast, May 22.—(By A. P.)—The killing today of W. J. Twaddell, a member of the Ulster parliament, who was shot while on his way to business, caused the issuance of a manifesto by Sir James Craig, the premier, announcing a special meeting of the cabinet and the legal authorities. The premier declared "just retribution" was called for.

"I will deal with the whole matter when the parliament meets tomorrow. I feel satisfied that the public realizes the plans which the government has made a rule sufficiently comprehensive to meet any eventually that may arise."

Ulsterite Slain. Belfast, May 22.—(By A. P.)—W. J. Twaddell, a member of the northern parliament, was shot here today and died in the hospital.

He was proceeding to business when he was struck by several shots. A woman was also wounded by the fusillade.

Mr. Twaddell, passing through the parliament, was shot in the place of business on North street, when two men approached and fired seven shots at him from a range of two yards, all the bullets taking effect.

Mr. Twaddell is the first member of parliament to be attacked in the history of Belfast's disorders.

The most disquieting feature of Sunday's disorder in Belfast was the shifting of the center of trouble to Ballymacarritt, the east end section, where there is a large artisan population.

Gunmen Open Fire. Two men were killed in the violent rioting there and Thomas McShane, who was wounded Saturday night, died, bringing the total of deaths over the week-end to 14.

During last night's shooting, gunmen opened fire on the city electric station, but the return fire from police and troops caused the assailants to withdraw.

The flying column responsible for Saturday's raids in counties Antrim and Down vanished as quickly as it came, but a renewal of its operations is anticipated.

The Ulster cabinet has given no sign of what measures it contemplates to suppress the disorders, but it is assumed nothing will be done before tomorrow's meeting of the northern parliament, when Sir James Craig will outline his plans.

A rupture with the Dublin government is feared in quarters well informed.
