# California Tracksters Are Winners of Intercollegiate Meet

### **Pacific Coast** Athletes Score 40 1-2 Points

Brown of Dartmouth Es tablishes New High Jump Record When He Clears at 6 Feet 4 5-8 Inches.

By the Associated Press. Harvard Stadium, Boston, May 27. - Athletes of the University of California for the second successive year captured the track and field championship of the Intercollegiate A. A. A. The Pacific coast stars were pressed for their honors the strength of a score of eastern folloges and by their fellow Californians of Stanford university. Cali-fornia's winning total of points was 401/2; Princeton finished second with 31; the University of Pennsylvania was third with 22, only a half point ahead of Cornell, which was in fourth place. Stanford finished fifth among the country's colleges, her handful of athletes scoring 26½ points; Harvard, 14; Pennsylvania State, 11, and Lafayette, with 10 points, were others that scored

double figures.
Allen Woodring, Syracuse, one of the favorites for the 220-yard dash, was unable to compete in the semifinal events because of a pulled ten-don in one of the heats. Princeton lost strength when McKim, sprinter, also pulled a tendon and had to be

carried from the field. The two-mile event, one of the star events of the two-day events, went to Walter Higgins, Columbia, after a thrilling race with R. B. Buker of Bates, which lasted to the finish line. P. Moore of Columbia ran into third place with C. H. Dorr, Collins in the columbia ran into third place with C. H. Dorr, California, fourth, and N. P. Brown, Cornell, fifth. Stratton, Cornell, and Hendrie, Massachusetts Tech., set the pace in the first half, run in 2 minutes, 74-10 seconds.

A new intercollegiate high jum record was made by Captain L. T. Brown of Dartmouth, at 6 feet, 45-8 inches. The previous mark was 6 feet, 41-2 inches, made by William Oler of Yale, at Philadelphia in 1915.

Firpo is a wonderful hitter. With the exception of Dempsey, there is not a heavyweight pugilist in the ring today who can punch with greater power. But the South American has much to learn.

Like Jess Willard in his prime. Firpo delivers most of his blows overhand for the top of the head or the back of the neck. He tremendously strong and these awkward looking punches are extremely annoying. But Firpo will get better results when he perfects a straight left-hand jab and learns how to drive home blows to the body.

Would Drop Dempsey. Not even Dempsey would have been able to keep his feet under the force of the fearful upper cut that laid Herman low. It was the greatest punch of its kind that has been delivered in a New York ring since the days of Bob Fitzsimmons and Jim Jeffries and it served to boom Firpo's stock to such a degree that n future bouts he will prove a mag-

Of course, the contention of Hap Felsch and others of the banished Sox that the American league pennant of 1917 was purchased does not ring true, because of its improbability in the face of the records of that season which do not show that Detroit lost any suspicious quantity of games to Chicago. But the blacklisted players had it in their power to make the claim that the flag was bought, and such things are as hard to disprove as it was to convict the guilty players of throwing the world's series, even after they had confessed.
