Let's Go Shopping with Polly

I was not meant for cloistered walls,
And quiet, uneventful days;
I want the hum of busy streets,
The beckoning of broad highways.
I want variety and change—
No sameness, no monotony!

I want new faces and new scenes
And new adventures endlessly.
I must not even pause for rest,
Nor have time to think. For then
My old, old grief that will not die
Would come to haunt me once again.

Modern Women Should Understand the Advantages of the Permanent Wave.

M ADAM owes it to herself to thoroughly investigate the advantages of the permanent wave as put in by the skilled operators at the Burgess-Nash Black and White room, the Salon de Beauté, Hotel Fontenelle, and the Blackstone beauty parlor. All waving is done under the direct supervision of the authorities on scalp and skin. Mr. Roberts and Mr. Frank, an assurance of the utmost effectiveness in operating the waving machines. Oh the time and money one saves by having a permanently waved coiffure which grows more lovely with each shampoo, a decided delight during the months of spring and summer when vacation jaunts call for a perfectly groomed appearance at all times. But, of course, madam will at once take the steps to acquaint herself with the permanent wave, most modern achievement of the beauty cult!

DEAR FASHION FOLLOWERS:

THE vogue of the three-piece costume! Praise be, you say, and I agree, for what could be lovelier than a little creamy white linen frock bound on square neckline, cuffs and sash-girdle by checked gingham in red with a little slip-on sports coat of the selfsame gingham, sleeveless to be sure? But \$15, the price quoted for this chic affair! Three-piece sports costumes in rayon, Roshanara and basket weaves are giddy with the season's unimpaired color schemes and deserve attention from the standpoint of ingenuity as to styles and fabrics as well as from their amazingly low prices.

THE entire success of the festive functions of the modern wedding depends largely upon the skill of the caterer who must be a person of discrimination in many ways.
