

Walter S. Ward Given Release on \$50,000 Bail

Supreme Court Justice Issues Order After Blackmail Slayer's Attorney Fails on Writ of Habeas Corpus.

Newburgh, N. Y., May 27.—(By A. P.)—Supreme Court Justice Seager today ordered Walter S. Ward of New Rochelle, central figure in the shooting of Clarence Peters, near White Plains, released on \$50,000 bail.

Following their failure to secure the release from jail of Walter S. Ward, confessed slayer of Clarence Peters, on a writ of habeas corpus, attorneys for the son of the millionaire baker, transferred their attack to Newburgh, N. Y., the home of Supreme Court Justice Seager.

Application was made for Ward's release on a new bail bond before the justice, who released the former New Rochelle police official in \$10,000 bail when he first consented to killing the ex-sailor. District Attorney Weeks indicated he would fight the bail bond if Justice Seager granted the appeal unless the amount was large enough to prevent Ward from leaving the jurisdiction of the court.

Reporters Find Glass. That "Charlie Ross" did exist and that he was on trial less than a year ago on a charge of blackmailing a wealthy man in New York, was the declaration of Michael L. Sullivan of Salem, Mass., who says he is in New York to look after the interests of the Peters family. He has engaged a New York lawyer to assist him and it became known that his attorney, William J. Fallon, had defended "Ross" at the New York blackmail trial.

Officials admitted that they had heard about "Ross," knew his real name and the story of his trial. Sullivan did not deny that he had investigators tracing "Ross," who was said to be at liberty on a suspended sentence.

Find Broken Glass. Reporters searching the ground around the Ward home in New Rochelle discovered many bits of shattered glass such as used in the make of car said by Ward to have carried him to the spot near the Kenosia reservoir where Peters was shot and killed.

In the gutter in front of the house a cheap playing card, the five of spades, with a reddish back, was found. A pack of cards was in Peters' coat when he was found. Sheriff Werner was asked to examine the card to see if it was from the pack found on Peters. The sheriff, who was also informed regarding the broken glass, said he would compare the cards today.

Ward was allowed to stay in the sheriff's private office last night until long after the regular retiring hour for prisoners in the jail. He also sent for his meals.

Plan for U. S. Development of Muscle Shoals Agreed Upon

Washington, May 27.—(By A. P.)—A proposal for development of the government's nitrate and power projects at Muscle Shoals, Ala., was finally agreed upon today by the house military committee, after more than three months' continuous investigation and study of the offers made by Henry Ford, the Alabama Power company, Frederick Engstrom and Charles L. Parsons.

While the proposal was held in strictest confidence by the committee with regard to its various provisions relating to development of the projects, it was learned that the Gorgas, Ala., steam plant was eliminated from the property to be disposed of with Muscle Shoals. The committee plan in other respects follows closely to the terms offered by Henry Ford.

A copy of the committee's draft was given to W. B. Mayo, chief engineer for Mr. Ford, who said he would leave here today for Detroit. The purpose of his visit, it was explained, was to confer with the Detroit manufacturer and ascertain whether Mr. Ford was willing to accept the terms laid down by the committee. After the conference Mr. Mayo said he would return here to give the committee Mr. Ford's answer.

Indianapolis, May 27.—Neighbors detected an unaccounted light in the basement at the home of I. W. Beade and summoned police. Ex-Bulgarian Envoy Victim of Assassins

Sofia, Bulgaria, May 27.—Alexander Grekov, former Bulgarian charge d'affaires at Paris, Stockholm and Berns, was assassinated here last night. The evidence is thought to point to a political basis for the crime.

The political situation here is notably unsettled. On May 18 a large meeting of communists was held demanding the immediate expulsion from Bulgaria of the soldiers of Gen. Wrangel, former antiholshieviki leader in south Russia, who took refuge in Bulgaria, asking the establishment of friendly relations with the Russian soviet government.

There is some apprehension regarding future developments, notably in connection with the assembling of 30,000 peasants in Sofia next Monday attending the yearly congress of the national peasant party. The meeting plans to protest against the bourgeoisie and possible developments in this connection are causing grave fears of trouble.

Chicago Labor Leaders Freed on \$75,000 Bond

Bondsman, "Retired Bricklayer," Compels "Big Tim" Murphy and Fred Mader to Quit Trades Council.

Chicago, Ill., May 28.—"Big Tim" Murphy and Fred Mader, labor leaders, charged with instigating the bombings and murders in Chicago's "labor war" today were released from the county jail after 11 days of confinement, when Judge Harry B. Miller granted their petition for a writ of habeas corpus.

Their bonds were set at \$75,000 each. Thomas Carey, a retired bricklayer, scheduling property valued at \$300,000 to guarantee their appearance when the trial starts. Mr. Carey, however, refused to put up the bonds until Murphy and Mader had agreed to have nothing more to do with the Chicago Building Trades council, which it has been alleged, they controlled in the fight against the unions accepting the Landis trades wage award. Both agreed to the terms.

"I am insisting on these conditions in order to help the building trades unions," said Mr. Carey. "If either of these men breaks the agreement the bonds will be withdrawn at once." Mr. Carey, while describing himself in the bonds as a "retired bricklayer" for years was a prominent politician, at one time being a candidate for mayor. He is chief owner of several large brick manufacturing concerns in the city.

Chief of Police Fitzmorris commented vehemently when informed that Murphy and Mader had been released.

"Tommy Will Be Sore." "Tommy O'Connor will be sore as the dickens to think that he used a gun to get out of jail when he could have obtained his freedom so much easier," said the chief.

Judge Miller cannot blame this on the police department any more than he can blame it on judges who refused to sit with him and concur in such a decision.

El Paso, Tex., May 26.—Adolfo de la Huerta, secretary of finance of Mexico, arrived in El Paso this afternoon on his way to New York, so sick with appendicitis that his friends in El Paso and Juarez were prohibited from entering his private car.

De la Huerta was accompanied by Leon Salinas, chairman of the administrative board of the National Railways of Mexico. Salinas, in a short interview accorded the Associated Press, said it is highly probable that the railways of Mexico will be returned to former owners, British and American interests, before many months. He said that this will be one of the main subjects at the conference in New York when he and the secretary meet American, French, British and German bankers.
