Rail Ruling Audrey Munson to Recover From Poison Big Boost for Omaha

Loss of Central Pacific Control by Southern Pacific Means Increased Traffic Throughout Cate City.

U.P. May Purchase Road

Decision of the United States supreme court at Washington yesterday that the Southern Pacific raiload cannot continue ownership of be Central Pacific line, from San rancisco to Ogden, constitutes the biggest bit of railroad news affecting Omaha in recent years.

The likely outcome is that the Union Pacific will acquire the Central Pacific line, giving the Union Pacific entrance into San Francisco over its own rails instead of by connection at Ogden, as now. This would make Omaha the castern terminus and headquarters of spreading fanlike to the Pacific coast at three termini-Los Angeles, San Francisco and Portland.

Whether this be done or the Og-den-San Francisco line be acquired by independent interests it will be developed, according to authoritative railroad report, into far closer cooperation than heretofore with Union Pacific, meaning increased traffic through Omalia and greater pros-perity for Union Pacific.

The supreme court's decision yesterday was the last of a series of railroad dissolution suits before it in the last 15 years. It reversed a contrary decision by the district court'

Informal Canvass Shows Senate Committee Stands 9 to 6 for McCumber Plan With Modifications.

Washington, May 29.-Approval bythe senate finance committee on Wednesday of a soldiers' bonus bill, following closely along the lines of the house measure with its bank loan provision, was predicted today by members of that committee, after the ly two hours.

An informal canvass of the committee indicated that the members were divided, 9 to 6 for the house measure with some modifications—the so-called McCumber plan.
