### Winner of 1921 French Grand Prix Never Headed at Memorial Day Motor Classic.

#### Murphy Wins \$35,000

Indianapolis, May 30.—Leading from start to finish, Jimmy Murphy of Los Angeles, winner of the 1921 French Grand Prix, carved his name deeper in the hall of motor fame today when he flashed across the wire a winner of the 500-mile automobile race at the Indianapolis speedway before a record-breaking crowd of 135,000 spectators.

Murphy smashed all records for the distance, clipping more than 10 minutes off the best previous record. His time was 5:17:30.79, an average of 94.48 miles an hour, against the old record of 5:33:55.51, or 89.84 miles an hour, made by Ralph De Palma in 1915. Murphy did something which had never been accomplished before at the Indianapolis speedway and, to the knowledge of racing experts, never before in a race of major importance. He shot into the lead at the start and never relinquished it during one instant of five hours of thrilling driving. He was the first away, was first over the line at the completion of the first lap and was first over the wire when Capt. Eddie Rickenbacker waved the flag for his victory.
