Odds and Ends of Kitchen Lore.

In many American households it is a matter of greater importance for the housewife to know how to make or where to get good mayonnaise dressing than good pie crust—once regarded as the criterion of a housewife's cooking ability. Good mayonnaise, if not used too liberally, seems to be a wholesome food, and as there is no waste about it and as

Things You'll Love To Make

Butterfly Masque

What could be more exquisite than a butterfly masque, to be worn with a gay masquerade costume? A pair of old eyeglass frames make a good foundation. Join a twisted piece of black silk or velvet to the nose piece. Connect four pieces of thin silk-covered wire, shaped like wings, and cover with black face. Join two wires for the tentacles. Tip each one with a piece of a quill, or a small ball of fluffy cotton. Wear a tight-fitting black silk cap over the crown of the head. To make the butterfly masque even more attractive you can bead it with colored and iridescent beads.

it often makes possible the using of inexpensive or leftover foods, it should not be considered a real extravagance.

If any of the adults in the family take a midday luncheon a little mayonnaise may be used to make lettuce, tomato or egg sandwiches, and combined with almost innumerable other foods to make good sandwich filling. For sandwiches for afternoon tea, or evening refreshments, mayonnaise is very helpful. For dinner mayonnaise is useful not only with the salad but as a basis of tartars sauce with fish and used with several little appetizers with which the dinner is begun.

Scarfs of changeable taffeta are run with a fine quilting stitch and finished with a wide, plain hem.

Hair Often Ruined By Careless Washing

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

Two or three teaspoonsful of Mulsified in a cup or glass with a little warm water is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulsified.
