

Hiding Place of Brown Located, Police Believe

Small Girl in Neighborhood of Man Hunt Friday Said Fugitive Stayed at Her Home.

Police believe they have located the house where Fred Brown, fugitive, hid Friday afternoon and evening during the intensified man hunt for him in the vicinity of Fontenelle park.

Detectives were dispatched to Fortieth and Ohio streets yesterday on a report Brown had been seen. There they were told by neighbors, according to their report to headquarters, that the 8-year-old daughter of a man living in that neighborhood had said Brown stayed at her home that night.

Detectives knocked on the door. Entrance forced. No one answered, so they forced an entrance and searched the house. They found no one home and no one in hiding. In the kitchen was a batch of cold pancakes.

Other detectives were sent from Central headquarters to the office of Police Commissioner Henry Dunn by the city hall during the morning, where they held a secret session. Then they dashed out mysteriously and sped away in their automobiles, supposedly on the Brown case. They have not returned.

Warden W. F. Fenton of the state penitentiary came to Omaha yesterday to join in the hunt for Brown. He declared he will remain in Omaha on the case as long as the officers in charge want him.

Hyers Returns. State Sheriff Gus Hyers, who Sunday withdrew from the man hunt and returned to his headquarters at Lincoln, came back to Omaha yesterday.

"I'm going to stay here," said he, "until I get a positive clue that Brown is somewhere else."

Pilot W. C. Hopson and James King, assistant superintendent of the

Blind Youth Receives Degree From Creighton

Henry J. Gierau, president of the Nebraska Association of Workers for the Blind, received a degree of Ph.B. at Creighton university Saturday. He has been totally blind since 12 years old.

Mr. Gierau has studied liberal arts three years at Creighton and on year in law. His home is at Springview, Keya Paha county, where his father, Paul Gierau, has lived 40 years. The loss of sight did not discourage this Nebraskan from improving his condition. He attended a conservatory of music at Lincoln one year. He will be a candidate for superintendent of instruction in Keya Paha county this year.

air mail station, flew 100 miles Sunday, searching for Brown. They worked in co-operation with Sheriff Hyers. At times their plane circled as close as 10 feet from the ground, King said. They found no trace of the fugitive.

Ex-Head of Legion Files in Sixth for Congress Lincoln, June 5.—Robert G. Simmons of Scottsbluff, former state commander of the American Legion, and retiring president of the Nebraska University Alumni association, filed papers today with the secretary of state as a candidate for congress in the Sixth congressional district, to succeed Congressman M. P. Kinkaid.

Mr. Simmons enters the race as a

\$16,840 Awarded U. P. Employee for Loss of Eyesight

Verdict One of Largest Ever Handed Down for Damages in Douglas County District Court.

A sealed verdict returned Saturday night by a district court jury was opened in Judge Day's court room yesterday morning at 9, awarding \$16,840.11 damages from the Union Pacific Railroad company to John O'Hara, 21, 820 Eighth avenue, Council Bluffs.

This is one of the largest verdicts for damages ever awarded in the Douglas county district court. O'Hara sued the Union Pacific two years ago for \$100,000 for the loss of his eyesight. It was alleged he was working for the Union Pacific in the yards in Council Bluffs in 1919, and, when ordered by a foreman to take a cap off a slender wire found in a coal car, the cap exploded, blinding both his eyes. The cap later was found to be an electric fusing cap, a high explosive used in coal mining.

Two years ago the suit was thrown out of court on the grounds there was no evidence of negligence on the part of the railroad. The case then was taken to the state supreme court, which handed down an opinion that there was an abundance of negligence.

The verdict is the result of a second trial.

Father of Six Children Shot by Brother of Girl

Chicago, June 5.—Fortunato Apanderea, father of six children, was shot five times last night by Anthony Vitello, brother of Josephine Vitello, with whom Apanderea had an appointment, it is said. Apanderea had been warned by relatives of Josephine to stay away from the girl because he is a married man. Failure to heed the warning, it is believed, resulted in the shooting. Vitello escaped.

Matthew Rock to Continue in Congress Race If Called Geneva, Neb.—June 5.—(Special.)—Recovery from a recent severe illness has prompted Matthew J. Rock of Geneva to announce that should the people desire him to continue his candidacy for the democratic nomination for congress from the Fourth district he will remain in the primaries.

Our Great Silk Sale Continues With Wonderful Prices on Silks of Every Weave

FREE At Your Dealers This Week

Present the coupon to any store named below. You will receive a 10-Day Tube of Pepsodent. Get it today, then watch the delightful effects on the teeth.

deposits on teeth which may otherwise ferment and form acids. It multiplies the alkalinity of the saliva. That is Nature's neutralizer for the acids which cause decay. Every application gives these great tooth-protecting forces multiplied effect.

Real protection now

Now you can know what really clean teeth mean. Pepsodent fights film-coats, starch and acids—all the great tooth enemies. Then it leaves the mouth in normal alkaline condition. The glistening teeth you see everywhere now show something of the benefits it brings.

New beauty in a week

The Pepsodent effects are quickly seen and felt. This test will be a revelation to you. Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Note the refreshing taste it leaves. It will bring you prettier teeth, and quickly. But, more than that, it will bring you safer teeth. Cut out the coupon so you won't forget.

Give It to Them— This trial tube—watch their teeth improve

If you prefer, let your children make this test. Let them brush their teeth a few days in this modern way. Then look and see what film removal means. This is a way to whiter, cleaner, safer teeth. Millions now employ it. Leading dentists everywhere advise it. Let someone in your home this week show the benefits it brings.

Why teeth look dingy

Your teeth are coated with a viscous film. You can feel it with your tongue. It clings to teeth, gets between the teeth and stays. It dims and may ruin teeth. Ordinary tooth pastes do not effectively combat it. So film-coats have been almost universal.

Film absorbs stains, making the teeth look dingy. Film is the basis of tartar. It holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They,

with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film, and, despite the tooth brush, they have constantly increased.

Must remove it daily

Dental science has long been seeking a daily film combatant. Now two effective methods have been found. Authorities have proved them by many careful tests.

A new-day tooth paste has been perfected, to comply with modern requirements. And these two film combatants are embodied in it. The name of the tooth paste is Pepsodent. Millions of people of some forty races now employ it daily, largely by dental advice.

Two other new effects

Pepsodent brings two other effects which authorities now deem essential. It multiplies the starch digestant in saliva. That is there to digest starch

The New-Day Dentifrice

Now advised by leading dentists nearly all the world over. All druggists supply the large tubes.
