Motor Cop Scores Victory in Lion's Club Handicap at Ak-Sar-Ben Field-

Pride of Irwin Stables Wins **Feature Race**

Woodie Montgomery Finishes Close Second, While Ikey T Cops Third Money.

Charlie Erwin's colors were carried to victory in the Lions club handicap which featured the second day's card at the Ak-Sar-Ben track yesterday, by his speedy Motor Cop, which triumphed after a spirited drive over Woodie Montgomery. Ikey T., flying the silks of the Tam O'Shanter stable, and piloted by H. Tullett, finished third. The distance was a mile and one-sixteenth.

It was Motor Cop's first start of the local season and his successful debut in the good field indicates that he will be one to reckon with in races to come.

The Cop went to the barrier with the entire paddock behind him. Jockey Pablo Martinez was in the pilot house and when the tape broke, allowed New Model to show the way for a few yards, then gave Motor Cop a few words of encouragement and the Cop passed New Model like a Rolls-Royce passes a flivver. New Model followed Motor Cop

until the three-quarter pole, where Sedan, another Irwin performer, looked the Gaertner entry in the eye and galloped around the turn after the Cop. Sedan soon tired and along came Woodie Montgomery. The latter entered the stretch two lengths behind Motor Cop and, as he neared the finish, Jockey Singleton applied the whip and was gradually gaining on the Cop as they galloped under Jockey Martinze piloted Motor Cop

Ikey T left the barrier in fourth position and gradually closed in on the field. He entered the stretch in third position and was fast catching

Omaha placed its stamp of approfal on racing Saturday when it turned out a banner crowd to greet the return of the thoroughbred. The official attendance, according to the official returns in the hands of General Manager Charles L. Trimble, shows that a crowd half again as large as the one which witnessed the debut of organized racing here a year size, Jammed the Ak-Sar-Ben grandstand on opening day.

That quaint Missourian, Ben Jones, has gathered top honors for the meet to date. He gathered two fancy pots with his Mark Denunsio and Money. We say that's setting off to a flying start. Jones has a few more bangtails which are ready to fellow in the footsteps of their stable mates. These have been conditioned on his private track at Parnell, Mo., and are ready to run—every one of them.

Jockey Espenshade, a lightweight laddie frem "Kintuck," rode the first winmer of his career when he mizzled through
the lane with Dolph and outlasted the
favorite. Midred, in that accrehing thriller Saturday. Little Espenshade is one
of the few youngsters riding here who
has the advantage of the five-pound allowance accorded to apprentice jockeys.

Bill Dondas, the live wire manager of a mutuel plant, was forced to handle big store at top speed. Bill, who tup from a sick couch to be on the b, is to be complimented highly for a manner in which the public's wants are attended to.

Favorites scored in most of the events of Saturday and form was really well ept throughout the day. The only long-hots were Day of, Wrath in the opener, and Dolph in the final heat.

The first stake will be decided on Wednesday when the \$1,500 Ak-Sar-Ben Queen's Plate will be decided. This salient feature is a sprint of six furiongs and it bids fair to bring together the greatest field of runners that has ever graced the local course.

Jockey E. H. Barnes who does the "chauffeur" work on the B. A. Jones gallopers, performed in a most creditable manner Saturday. He was zboard of Mark Denunio and Money when they returned to the charmed circle which is the parking place of the winners after each race.

And speaking about Mark Denunzio makes us remark that this 4-year-old looks like a good piece of racing material. He won as his rider pleased and it would not surprise us to see him beat better ones. At any rate the next time he goes even though he is pitted against a higher class of horses, yours truly is

Charles L. Trimble, the guiding spirit of a present race meeting, was all smiles he beheld the bumper crowd in the andstand. He was as busy as a bird g in a wheat field, but found time to I "newspaper row" that the big at-adance was most gratifying and that attested the popularity of racing in a section of the country.

More than 30,000 fans crowded into Ebberta' field to see the Sunday clash between the Giants and Dodgers. The spectators encroached on the field in the first half of the ninth and New York finished the game under protest. Their own ninth inning, however, gave them a 5-to-4 victory.

In our special sandwich we have made the first definite improvement since that famous "Lord Sandwich" Luncheon hundreds of years ago, from which the name sandwich is derived.

We do not allow the butter and meat to come into contact with each other, by using three thin slices of bread. Two of the slices are buttered and placed buttered sides together, then the meat is placed on the top and the unbuttered slice of bread added. In this way we prevent the "soggy" sandwich.

This sandwich is especially good for lunch boxes and picnics for it prevents the chemical change which occurs when meat and butter are left together for some hours.
