Distribution Costs Above Pro-

duction Finding of Joint

Agricultural Commission Declares.

Washington, June 5 .- A principal

cause for increasing living costs in the United States is the "unwieldy system of marketing and distribu-

ting commodities, including relatively inefficient means and uneconomic

methods, coupled with wasteful practices on the part of the public," ac-

the joint congressional commission

on agricultural inquiry.
"We have now reached a point where it costs more to distribute and serve than it does to produce.' Chairman Sidney Anderson said in a

forecast on the commission report

"Commodity values are lost in a

mass of service costs and the time

fundamental problem of the eco

nomic distribution of the essentials

In its search for data to build up :

picture of the present organization of

marketing and distribution in the

United States, the commission had

the technical assistance and co-opera-tion of trade associations in 200 in-

dustries, the report said, and di-rected 15,000 questionnaires to indi-viduals and institutions. The re-

turns were analyzed and compiled by

tives with the commission.

conference of the trade representa-

No single factor in industry o commerce "can be held solely responsible for the spread between producers and consumers," Mr. Anderson said in describing conclu sions drawn from the work, nor was the commission enabled to "point out

a remedy, executive or economic which will reduce this spread.

"Responsibility for betterment," it concluded, "rests on the entire peo-

and habit as will permit the development of an economic system of dis
