**A Word to Mothers-to-Be**

**How Your Corset Contributes To Health**

You dream of the glorious future for the coming baby, but do you realize how much you can do towards giving him that priceless possession—health? You want to look as well as possible, you want to enjoy perfect comfort and you want the health and well-being of yourself and child thoroughly safeguarded. The maternity corset is built to do these very things for you.

It is designed to give thorough support, yet it is ideally pliable. Adjustable lacings permit it to be altered from time to time. It has enabled so many mothers to retain a well proportioned figure with entire safety and comfort to both mother and child that its sales have been phenomenal.

It is also desirable for invalids who are convalescing, when other corsets would be too unyielding. Physicians recommend maternity corsets. We have a most complete assortment of maternity corsets, both front and back lacing models.

Priced 1.50 to 6.50

**Maternity Fitting Service**

Our skilled and scientific fitters not only fit the maternity corsets when they are purchased, but you are privileged to return to have frequent readjustments made when necessary. There is no extra charge for this follow-up service.
