

Steel Firms Deny Proposed Merger Will Check Trade

Bethlehem and Lackawanna Companies File Answers to Complaints by Federal Commission.

Washington, June 8.—(By A. F.)—Denying that the merger of the Bethlehem Steel corporation and the Lackawanna Steel company will operate to restrain trade, the two companies asked the federal trade commission to dismiss the complaint issued against the consolidation by the commission on June 3.

Coincident with the filing of answers to the complaints by the two corporations, Carl D. de Geradorff, their counsel, called at the Department of Justice and assured Attorney General Daugherty the companies were anxious to place immediately at his disposal all facts regarding the proposed merger. Delay would handicap the companies, he asserted, asking that the investigation be pushed forward as speedily as possible.

Mr. Daugherty was understood to have informed Mr. De Geradorff that the department's investigation would be expedited.

Each company filed separate answers to the commission's complaint, denying authority or jurisdiction of the commission "over the transaction alleged in the complaint."

Both companies, in their answers took up the commission's complaint in detail and answered each allegation, admitting some charges and denying others, but reaching the conclusion that the merger would not in any manner run counter to existing statutes.

In the latter case, your story is read by all who see you, and what woman of spirit wants to be pitied for her physical condition? There is a way to get the nervous, tired, lined out of your body. The use of that standard remedy, Lydia E. Pinkham's Vegetable Compound, will strengthen the nerves and tone up the system to resist that excessive fatigue.
