

### Last Respects Paid to 'Queen of American Opera'

Many of Nation's Foremost Citizens Join in Mourning at Funeral of Lillian Russell.

Pittsburgh, Pa., June 8.—(By A. P.)—Friends from officialdom, from the profession which carried her to the height of her operatic glory, and from the walks of life into which her various well-directed interests carried her in later years, today paid their last respects to Lillian Russell Moore, wife of A. P. Moore, Pittsburgh publisher. Announcement of her death on Tuesday morning struck deep into the hearts of those who had known her down through the years, during which she was heralded as "Queen of American opera" and hundreds of sympathetic messages have been received at the home, as well as many beautiful floral tokens.

The funeral at which Pittsburgh friends and admirers from all over the country will gather in farewell tribute, will take place in Trinity Episcopal church, at 2:30 o'clock. A private service will be conducted at the home previously. The casket will be closed finally before its journey to the church and only memories will remain to those who gather there. Rev. Dr. Edward S. Travers, rector of the church, will officiate at both services.

Silent sentinels, a detachment of United States marines, has stood guard at the death room in the Moore home since their arrival from Washington, under orders from Assistant Secretary of the Navy Roosevelt. They are watching over a dead comrade, for such she was by official warrant, during the world war, when she held the rating of gunnery sergeant. And when their vigil has ended they will be the bodyguard on the march to the church and cemetery. There the survivors of the 107th field artillery will escort the cortege from the gates to the vault where Mrs. Moore's body will find a resting place until a suitable mausoleum can be erected. A firing squad from the America Legion, whose ranks the distinguished woman graced by her membership, will render the farewell salute.

**Many Floral Tributes.**  
Although a request that no floral tributes be sent to the home had been made, hundreds of wreaths from persons prominent in official and professional walks of life were received. One of these was placed on the foot of the couch on which Mrs. Moore's body lies.

Others who contributed floral offerings were United States Senator Edmond J. Connelley, Attorney General Harry M. Daugherty, Governor and Mrs. William C. Sproul, Mr. and Mrs. J. Ogden Armour, Mr. and Mrs. Gifford Pinchot, Mr. and Mrs. Leonard G. Wood, Congressman Stephen C. Porter, Mrs. Ethel Kermit Roosevelt and other persons well known in social and theatrical circles. Organizations also forwarded their tributes, military, professional and social.

Hundreds of additional telegrams of condolences were also received.

**Honorary Pallbearers.**  
Honorary pall bearers, announced today are:  
James J. Davis, secretary of labor; Senator Hiram Johnson of California, Representative Stephen G. Porter, Pittsburgh; Mayor W. A. Magee, Pittsburgh; J. L. Livermore, New York; Howard Chandler Christy, E. F. Albee, president of the National Vaudeville association; R. H. Burnside, president of the National Producers' association, New York, and Senator William Flynn, Clarence Burleigh, Col. Oliver S. Hershman, E. M. O'Neill, of Pittsburgh.

Telegrams continued to reach Mr. Moore and his family throughout the day. Among them was one from Secretary of the Navy Denby, who is on board the U. S. S. Henderson, on his way to Japan. The radio said: "Deepest sympathy. The country and the Marine corps cannot forget Mrs. Moore's great help during the war."

**Married 50 Years.**  
Gothenburg, Neb., June 8.—(Special.)—Mr. and Mrs. W. A. Wallingford celebrated their golden wedding anniversary at their home here. They were married in Greenburg, Ind. They have 6 children and 26 grandchildren.

### Committee Rates Again Overturned in Tariff Fight

Sewing Machines and Cash Registers Taken From Free List—Rates on Lawn Mowers Reduced.

Washington, June 8.—After a two days' fight, the senate voted today to remove sewing machines and cash registers from the tariff free list. Committee rates ranging from 25 per cent ad valorem to 40 per cent on cash registers were approved. At the same time the senate refused to accept the committee rate of 30 per cent ad valorem on printing presses, lawn mowers and machine tools and adopted, 28 to 27, an amendment by Senator Robinson, democrat, Arkansas, cutting that rate to 15 per cent.

**Committee Overturned.**  
This was the fourth time the committee had been overturned in the weeks the tariff bill has been under consideration. Seven republicans joined with the solid democratic minority in supporting the Robinson amendment. They were Borah, Kellogg, Ladd, La Follette, Lenroot, Nelson and Norris.

Senator Lenroot, one of the leaders on the majority side, gave notice to the committee that he would not support it in recommendations to increase existing rates in cases where it was shown, as he said it had been in this instance, that imports were negligible and exports large.

**Amendment Defeated.**  
An amendment by Senator Walsh, democrat, Massachusetts, to restore cash registers to the free list, after a long discussion was rejected, 27 to 12. Five republicans—Copper, Kellogg, La Follette, Lenroot and Norris—joined the solid minority in supporting the amendment. A proposal to restore sewing machines to the free list was defeated last night.

Calling attention that in the free list provision of the law, linotype machines were named along with sewing machines and cash registers, Senator Underwood said he could not understand why the committee left linotype machines on the free list, since the amount of labor entering into their construction was much greater than that entering into the making of a cash register.

**Senator Norris Scores Schedule on Shotguns.**  
Washington, June 8.—While the finance committee majority continued to recede from some of the tariff rates originally recommended to the senate, the administration measure came in for renewed assaults from both sides of the chamber.

Proposed duties on firearms which finally were approved, led to a discussion of wide range. Senator King, democrat, declared that the tariff measure already was being used as a means of advancing prices in this country. He read from published reports that the American woolen mills had made a second advance in prices and predicted that these rates would be extended to other commodities, including boots, shoes and cotton.

**Nebraskan Attacks Duties.**  
Senator Norris, republican, Nebraska, discussing the duties proposed on shotguns, said the idea was to put up a high tariff wall behind American manufacturers so they could advance prices to take care of their losses in invading the markets of the world and drive foreign producers out of business in their own countries. He asserted that this was not only true with reference to shotguns but also with reference to sewing machines, paints, steel products and many other things included in the bill.

The Nebraska senator's speech was declared by Senator Simpson of North Carolina the democratic leader in the tariff fight, to be "an indictment of the principle of protection as applied here."

**Subsidy for Trusts.**  
Attacking the bill generally, the North Carolina senator charged that it carried a "gratuity" and a "subsidy" in every line for the 3,000 or 4,000 "trusts and monopolies" in the United States. Senator Heflin, dem-

ocrat, Alabama, attacked the measure along similar lines. Breaking into the general discussion, Senator Harrison, democrat, Missouri, charged that administration leaders were trying to "becloud the real issue" by bringing in "side issues," referring especially to the exception taken by Senator Watson, republican, Indiana, to addresses delivered by the British and Italian ambassadors.

The rates on shotguns as approved by the senate, range from \$1.50 each and 45 per cent ad valorem to \$10 each and 45 per cent ad valorem. On pistols the senate approved duties ranging from \$1.25 to 60 per cent ad valorem to \$3.50, and 60 per cent. Duties of 30 per cent on sawed blades and 25 per cent on muzzle-loading muskets, shotguns, rifles and parts were approved.

**Motion Is Rejected.**  
A proposal to remove sewing machines and cash registers from the free list led to a long fight. Senator Underwood of Alabama, minority leader, declared the rates proposed were in the interest of trusts, the Singer Sewing Machine company and the National Cash Register company.

A motion by Senator Jones to restore all sewing machines to the free list was rejected, 31 to 24.

**Brown Pardoned for Slaying Man**  
Manacle Man Killed Fellow Worker in 1899 at Age of 17, Records Show.

Lincoln, June 8.—W. C. Condit, sheriff of Dodge county, says he has identified Fred Brown, former convict and gunman, whom police of Lincoln and Omaha and state authorities have for 10 days been striving to capture, as the same man who, under the name of Ernest Bush, was convicted of murder and sentenced to the penitentiary for Dundy county more than 20 years ago. The man killed was Silas Bailey, and a large amount of money Bailey was supposed to carry was the supposed motive for the crime. Records unearthed by Warden Fenton at the state penitentiary go to confirm the statement made by Sheriff Condit.

The murder of Bailey occurred in February of 1899, at a time when Brown, or Bush, was between 16 and 17. Bailey and Bush worked on the same ranch. Bailey was shot to death, his body dragged to a body of water, where a hole was made in the ice and the body thus disposed of. Finding of the body a few days later followed by the arrest of Bush, his trial and conviction. He was brought to the penitentiary in 1901, and was pardoned by the then governor, John H. Mickey, in 1906. Authorities at Lincoln, who recalled the case and made an investigation of the records at the penitentiary, said this evening there could be no doubt but that Brown and Bush are identical.

**Pender Unable to Agree on Site for School House**  
Pender, Neb., June 8.—(Special.)—Pender has voted \$100,000 bonds to build a new school and sold them at a premium is experiencing difficulty in selecting a site. The element that opposed the bond issue are out in full force and are determined to block all attempt to change the site. The first meeting after much balloting without result adjourned. An objection was voiced at the next session that a special meeting called for the purpose of selecting a new site had no power to adjourn and that the decision must go over to the regular annual meeting. The crowd voted without result. The new site lacked five votes of the necessary two-thirds and the meeting again adjourned.

**Choice Quality Herefords Marketed by Craig Farmer**  
Two loads of choice quality Hereford steers averaging 1,125 pounds were marketed by George Wagner of Craig. He said he bought the cattle as feeders on the Omaha market last October, when they averaged 675 pounds, and they cost him \$6.75 a hundred. The cattle were nearly double in weight and he received the \$8.85 a hundred of just 15 cents below the top price of the market.

**Hooper Infant Injured When Run Over by Wagon**  
Fremont, Neb., June 8.—(Special.)—The infant son of Mr. and Mrs. Earl Charleston of Hooper was brought to the Fremont hospital suffering from injuries received when run over by a wagon driven by the father.

**Wolbach Cattle Feeder Reports Crops Improved**  
According to Charles Mertz, cattle feeder of Wolbach, who was on the Omaha market with a load of mixed yearlings averaging 830 pounds of which he received \$8.45 a hundred, crops around his section are in the best of condition. He said the recent rains were a great thing for the oat crop, that there would be a heavy stand of corn and that the alfalfa was ready for the first cutting.

**Fisherman Digging Worms Finds \$75 Diamond Ring**  
Nebraska City, Neb., June 8.—(Special.)—"Buz" Hawley, taxi driver, while digging for fishworms at the bank of the Missouri river, discovered a diamond ring about a foot under the soil. The ring, according to jewelers, is valued at about \$75. The setting is of an ancient pattern and it is believed the ring had been buried for many years.

### Romance of Two Loves Blasted; Girl-Wife Sues

Bride Quotes Letters Indicating Husband "Stepping Out" Considerably While in Kansas City.

The romance of Mr. and Mrs. Clarence Burton Love is on the rocks. The wife filed suit for divorce in district court yesterday. Clarence was 20 and Selma Jessie 17 when, on July 12, 1920, they were wedded in Council Bluffs.

Both had lived in Omaha prior to the marriage, but now Clarence has gone to Kansas City, where, according to a letter quoted by the girl-wife in the divorce petition, he is "stepping out" constantly. The youth wants a divorce. Here is the letter from Clarence, as quoted by his young wife:

**"Sure Done With You."**  
"Kansas City, May 20, 1922.  
"Miss Selma Hardy: Would like to know if you would kindly go up town and see a lawyer about divorce and have him write me and let me know how much it will be and I will send him the money. But won't pay no alimony as I don't figure I should. And won't send you anything either as I am sure done with you.  
"I would get one here, but I haven't been here long enough. Sure having a good time, dressed up and everything. Don't worry about anything any more. And I would like for you to send my ring and that old silk shirt and underwear to me C. O. D. if you would.  
"I don't care to ever hear from you only in regards to the divorce, because I want one in the worst way, as I intend to get married again as soon as possible. She sure is a swell kid. We sure had a lot of fun over in Kansas. Well, I must close as we are going out to eat. But be sure and get about a divorce by next week sometime, so we will be better satisfied.  
"CLARENCE,  
"922 East Thirteenth street.  
"Love to baby. God pity her."  
"Got Some Mamma Now."

The following letter, written May 12, also is quoted:  
"What do you say, kid? How goes it with you and baby? Am feeling fine. Am going back to K. C. tonight, at the same address. I sure wish we were divorced. My old days are back again. No more Omaha or married life for me. Sure, got some mamma now. She sure is keen. Hope you are having a good time. I am dressed up now. Everything new."  
The young wife, with her baby, lives at 5255 South Twenty-fourth street, with her mother, Mrs. Alice Hardy.

**Spring Crop of Pigs to Be Record-Breaker at Hershey**  
R. B. Miller came in from Hershey with a carload of fine heavy hogs that averaged 130 pounds and sold for \$8.90 a hundred, which was the top price of the day for cattle of that weight.

**Keystone Breeder Gets Top Cattle Price of Year**  
A new top price for cattle this year at the Omaha market was received when Jens Sillassen of Keystone received \$9.25 a hundred for a shipment of 24 head of prime Shorthorn yearlings that averaged 1,036 pounds.

**Iowa Woman Markets 100 Head of Cattle for \$8.80**  
Among the visitors at the stock yards were Mrs. K. Sorenson and son, Edward, of Woodville, Ia. They brought in 100 head of cattle that were good enough to bring \$8.80 a hundred.

**Otoe Almost Unanimous in Favor of Electric Lights**  
Nebraska City, Neb., June 8.—(Special.)—Otoe, formerly Berlin, which was almost entirely destroyed by a cyclone Easter Sunday, 1912, voted almost unanimously for electric current for the village. The vote was 59 for to 2 against. The village trustees signed a contract with the Nebraska City Light and Power company for current and work on the installation of the transmission lines will be started as soon as the material arrives.

**Aurora Youths Injured in Automobile Accident**  
Aurora, Neb., June 8.—(Special.)—Four young persons of Aurora, Russell Bagby, Helen Swanson, Beda Boberg and Bryan Genowards were severely bruised when their car was pushed off the bridge near Phillips by an unidentified car.

**Harvard Child Injured When Struck by Automobile**  
Harvard, Neb., June 8.—(Special.)—George Wampole, 4 son of Mr. and Mrs. Fred Wampole, was seriously injured when a car driven by Mrs. Ferdie Bick ran over the boy at a downtown street intersection.

### Corn and Fruit Only Crops Showing Progress

Lincoln, June 8.—Corn and fruit come in for encouraging remarks, while wheat, oats and alfalfa are deemed disappointing in the weekly crop report for Nebraska, issued by G. A. Loveland, United States meteorologist here.

Wheat is heading unevenly, the report states, and is in many places short and the stand thin. Oats are heading mostly short with thin stand the rule rather than the exception. Alfalfa in many places is more than the average crop. Much of the crop has been cut in the southeastern counties and some in the central districts. Dry weather was unfavorable for growth of alfalfa in most sections of the state, the report states.

The weather was excellent for corn cultivation but cool nights have retarded growth.

### Bryan Candidacy Is Improbable

Friends of Butler Say Hitchcock-Mullen Machine Double-Crossing Farmers.

Lincoln, June 7.—(Special.)—Refusal so far of the Mullen-Hitchcock machine to do anything toward putting a "pure" democratic ticket into the field and refusal of the same faction to deny the charge that it is secretly supporting the candidacy of N. Norton for governor, despite the fact that Norton is tied up with third party men, who are responsible for breaking up democracy's ranks, makes the candidacy of Charles W. Bryan for governor less likely each day.

Bryan absolutely refuses to enter the race unless he can be assured of support in a fight to put a real democratic-progressive ticket in the field and cut all ties between the bourbon ticket and the attempted third party-democratic fusion party.

Friends of Dan B. Butler of Omaha are becoming satisfied that the famous Mullen-Hitchcock double cross is being worked among the farmers on their candidates. They are reported to be preparing to call for a showdown from the Mullen-Hitchcock faction.

The demand will be for an expression as to whether Mullen and Hitchcock intend to support a democrat for governor from Hitchcock's home town and a democrat who has not deviated from the fold at any time or whether they will continue to pursue their silent course of supporting Norton, who isn't wed to any party and is willing to flirt with all parties in order to get the nomination.

### Omaha Will Be Radio Center of Government

(Continued From Page One.)  
Conditions both the Arlington and Great Lakes stations can be heard over the entire country, but that under average conditions the range is about two-thirds the eastern part of the United States. The reports will be received by state departments of agriculture and agricultural colleges for broadcasting by radio telephone; local and private stations licensed to broadcast agricultural reports; county agents, shipping associations and other farm organizations, and local amateurs, who make a business of copying for local individuals and agencies the agricultural reports broadcasting by radio telegraph.

**Will Extend Service.**  
"Extension of the service to all the high-powered stations mentioned is restricted at the present time only because the leased telegraph wire system of the department of agriculture by which the reports are dispatched for broadcasting, does not reach some of those points. However, in the late summer or autumn when atmospheric conditions are more favorable for radio work, a move may be made to extend the service by relaying messages to the various stations.

**Schedule of Reports.**  
"From the Great Lakes station a report of livestock receipts at five markets will be dispatched at 8 a. m. At 9 a. m. the weather reports which the Arlington and Great Lakes station have been sending out for some time will be released. A brief report of the hog markets will be flashed at 9:15 a. m. A report of fruits and vegetables shipments and f. o. b. prices will go out at 10 a. m., followed by a New York and Chicago dairy report at 10:40 a. m. From 11 to 11:15 p. m. complete livestock reports of the Chicago, Kansas City, St. Louis, St. Paul and Omaha markets will be sent out. A report of the grain markets will go out at 1:45 p. m., a report of the fruit and vegetable markets at 2:30 p. m.; hay and feed markets at 5 p. m., and a weather report at 8:30 p. m. Arrangements are also being made to dispatch crop information. The program for Arlington is similar, but will include more detailed information regarding fruits and vegetables."

**Army Orders**  
Washington, June 8.—(Special Telegram.)—Warrant Officer Jasper N. Wolf is relieved from Omaha and will proceed to Baltimore.

### Mellon Announces Two New Issues of U. S. Securities

Offers of Treasury Notes Regarded as Most Important Federal Fiscal Operation in Recent Months.

Washington, June 8.—Offers of two new issues of government securities bearing lower interest rates, was announced last night by Secretary Mellon announced an offering of 3 1/2 per cent program for June 15, regarded as the most important federal fiscal operation in recent months.

Pursuant to the policy for refunding the short dated debt, Mr. Mellon announced an offering of 3 1/2 years 4-3-8 per cent treasury notes of undetermined amount, dated June 15 and obtainable only in exchange for 4-3-4 per cent victory notes.

To meet heavy payments falling due the middle of the month he offered an issue of one year 3-3-4 per cent treasury certificates in the amount of about \$250,000,000.

The rate of 4-3-8 per cent from the last issues of short term notes was made, it was explained, to meet the trend of present market conditions and, incidentally, employing an odd fraction in setting a government interest rate for the first time since the Civil war.

The rate of 3-3-4 per cent on certificates is a reduction of 1-2 per cent from the last previous issue of one-year certificates and it was said, brings the rate on the longer term certificates into line with the reduced rate on shorter maturities.

Payment for the new notes, Mr. Mellon stated, cannot be made in cash or by credit, nor will either treasury certificates or 3-3-4 per cent victory notes be accepted in exchange while the right to close subscriptions at any time is reserved.

### Blind Workers Association Ends Nebraska City Meet

Nebraska City, Neb., June 8.—(Special.)—The Nebraska Association of Workers for the Blind closed a three-day session here with the alumni program at the school for the blind. A feature of the session was a lecture by Dr. J. Ray Shike, a graduate of the institution and a candidate for the republican nomination for congress in the First Nebraska district. The closing program for the most part was devoted to musical numbers and was attended by a large crowd.

Seventy delegates were in attendance at the convention. The members of the state board of control were present at some of the sessions and entered into the discussions with the delegates.

**Attempt to Wreck Train Made at Nebraska City**  
Nebraska City, Neb., June 8.—(Special.)—That an attempt was made to wreck the Missouri Pacific passenger train through the blocking of a switch near the cold storage plant of Morton-Gregson packing plant is the belief of railroad officials. A freight train that left the city a short time before the time for the departure of the passenger train struck the obstruction first. Traveling at a low rate of speed the engine was partly derailed. A heavy iron wedge had been placed in a switch and carefully covered with grass.

**Resume Band Concerts**  
Harvard, Neb., June 8.—(Special.)—The Harvard Community club will give, Thursday night, band concerts and free motion picture shows this summer. In years previous this has been an event each week, drawing crowds from many miles.
