OUR NINE.

Chicago Journal: See the bat, the boy, the ball.

Will the boy hit the ball?

No; not a great deal,

Who is the boy?

The boy's name is Anson; the others who help him to lose all the games are called his Colts.

He seems to be a rather old boy.

Some folks call him a back number; he used to play ball before the war.

Does he play ball no more?

No, he only plays hob with those who bet on him.

Is it not bad to bet?

Yes; it is very wicked to bet on Anson and his Colts.

Why are his men called colts?

Because they trot behind all the rest and let every other club play horse with them.

Are the Colts, then, not in the race?

No; they are not in it—not to speak of.

How many games have they played?

Four.

How many games have they lost?

Four.

But is our club at the top of the list?

Yes—When you hold the list upside down.

Oh! Do you think it will rain to day?

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurably. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address.
