

Only the Scars remain.

"Among the many testimonials which I see in regard to certain medicinal performing cures, cleansing the blood," writes HENRY HUDSON, of the famous Smith

Woolen Manufacturing Co., Philadelphia. "I have none impress upon me that I can say own cure. A number of years ago, at the age of 20 years, I had swollen come on my legs. I was struck and became a sufferer from sores. Our family physician could do me no good until it was feared that my bones would be broken. At last, my good mother urged me to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good

Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."

We have seen a number of watch chains ornamented with a pretty charm in the shape of a watch case opener, which obviates the use of a knife or fingernail to open the watch. They are sent free on request by the Keystone Watch Case Company, of Philadelphia, Pa. Your jeweler here may have one for you; if not, send to Philadelphia.

The Keystone Watch Case Company is the largest concern of its kind in the world. Its capacity is 2500 cases per day. It manufactures every description of case, but its great speciality is that most popular of all watch cases, the Jas. Boss gold filled. These are equal in beauty and wear to solid gold—while they cost only about half as much. Boss and other Keystone cases are the only cases that have the non-pull-out bow or ring, which saves the watch from theft and accident. The Keystone Company does not retail, but our local dealers handle the cases and swear by the theft-proof qualities of the ring.

Alleged Gomicalities.

He was plunged into the vortex of perplexity, and the girl was standing resolutely upon the brink, gazing down at him.

He looked up at her helplessly.

"And you object to me calling so frequently?" he said.

"Yes," she nodded.

"And I am not to be your escort on all occasions, as heretofore?"

"No."

"Nor call you by your first name?"

"No."

"Nor think of you any longer as my sweetheart?"

"No."

He gazed upon her, as one standing upon the shore gazes upon a receding ship.

"Well," he groaned, "the end of our romance has come, and we must get married."

The light that shone in her face gleamed in triumph.

She—There is a hair on your shoulder.

He—Oh—er—yes; I've playing with the poodle.

She—That's too thin. Flossie is not a brunette poodle.

"That was real rude of Chumpleigh. He dropped a lump of ice down the Boston girl's back."

"What did she do?"

"She screamed 'Fire!'"

Sudden—Do you know anything about amateur sports?

Miss Spatts—Only that they generally dress awfully loud.

Jess—I did not know Mrs. Stickler was such an entertaining person.

Bess—Indeed she is. She knows a disagreeable story about every woman in her set.

Hostess—What is the matter of our guest; is he drunk?

Van Pelt—Oh no; he has just finished reading a book on etiquette.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.
