

"For Years,"

Says CARRIE E. STOCKWELL, of Chesterfield, N. H., "I was afflicted with an extremely severe pain in the lower part of the chest. The feeling was as if a ton

weight was laid on a spot the size of my hand. During the attacks, the perspiration would stand in drops on my face, and it was agony for me to make sufficient effort even to whisper. They came suddenly, at any hour of the day or night, lasting from

thirty minutes to half a day, leaving as suddenly; but, for several days after, I was quite prostrated and sore. Sometimes the attacks were almost daily, then less frequent. After about four years of this suffering, I was taken down with bilious typhoid fever, and when I began to recover, I had the worst attack of my old trouble I ever experienced. At the first of the fever, my mother gave me Ayer's Pills, my doctor recommending them as being better than anything he could prepare. I continued taking these Pills, and so great was the benefit derived that during nearly thirty years I have had but one attack of my former trouble, which yielded readily to the same remedy."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

Happy and Healthy Since Taking Hood's Sarsaparilla

"C. I. Hood & Co., Lowell, Mass.:"

"My little daughter, Eirdie, now two and one-half years old, has been a great sufferer from salt rheum since she was about two months old. A very painful eruption covered neck, ears and entire scalp. I consulted physicians and tried many remedies, but without avail, until a

Friend recommended Hood's Sarsaparilla. Before the first bottle was taken the eruption had disappeared, and now none remains, while the child's general health is

People going east should remember that the North Western (Elkhorn) line offers a morning and afternoon train for Chicago and the time is equal to the best. The morning train and connections enable passengers to reach many points in central and northern Iowa in one day. The general equipment and tracks of this line is unequalled. Try the Northwest line.
