

The run next Sunday should be the banner Sunday run of the season, weather and wind permitting. The course to Ashland is one of the very best out of Lincoln, with but two hills, and at least a hundred wheels should be in line, of which twenty or more should be ridden by ladies.

Score another cycle club, viz the Ramblers Club. It is composed of Messrs. W. G. Beach, R. S. Hayes, F. B. Strangard and Paul Purcell. The club all ride copper rimmed Ramblers and the glint of their wheels can be seen for miles when the sun strikes them. They ride "always together."

How about those cycle picnics?

Ho! for Ashland Sunday.

The start will be made at 7 a. m.

How many ladies will make the ride?

The Ashland run was the banner run of last year.

This year's run ought to throw it in the shade.

Let us make it 100 wheels!

THE RACE MEET.

The race meet on Decoration day was considerable of a success in spite of the rain which came up in the afternoon.

The new track was opened and an interesting program was given.

The parade in the city and out to the park was a creditable one, in which a novel feature of a tandem wheel was introduced drawing a four wheel sulky on which was seated a young lady.

On account of the weather the crowd was not large.

The first event was a one mile novice race. Those entered were: J. A. Benson, J. A. Bailey, jr.; Alva H. Halley, O. Adkinson, J. A. Bailey, jr., got first place and won the prize. His time was 2:50 4-5. Alva A. Halley took second.

The second event was a quarter mile open race. The racers were: A. E. Guile, C. M. Carter, A. H. Halley, W. T. Banks, F. M. Tessier, Sutton, Neb.; C. C. McDowell, A. M. Blake, W. T. Banks came out ahead in this race. His time was 40 1-5 seconds. F. M. Tessier of Sutton took second.

The third event, a half a mile open, was participated in by F. G. Yule, A. E. Yule, J. A. Benson, J. A. Bailey, jr., C. M. Carter, A. H. Halley, W. T. Banks, O. Adkinson, F. M. Tessier, A. M. Blake, F. M. Tessier first, time 1:19 1-2; C. M. Carter second.

A boy's mile race was the fourth event. The boys who rode were: Frank Camp, Max Roediger, Dot Gaylor, Tom Draper. Max Roediger won the mile in 3:27, Frank Camp won second.

The fifth race was a one mile open race. J. A. Benson, A. Bailey, A. H. Halley, W. T. Banks, F. M. Tessier, C. C. McDowell were the ones who rode. This was one of the prettiest races of the meet. On the last third Bailey took a sudden spurt and everyone thought he was a sure winner but Tessier made a tremendous effort just before the tape was crossed and came out a little in the lead. He made the mile in 2:58 3-11.

The sixth event was a one mile for riders thirty years and over. W. L. Hunter, Ed M. Allen and Mr. Grubb, were the racers. W. L. Hunter won the race in 3:09 4-5. Ed M. Allen was second.

The seventh event was a two mile open race. The men who entered were: F. G. Yule, J. A. Benson, C. M. Carter, W. T. Banks, C. C. McDowell and W. H. Erling. C. M. Carter got the race in 7:38; Banks second.

The eighth event was a half mile, class B, against time, the time limit 1:10. E. Mockett entered and made it in 1:07 1-5. The track was in poor condition at the time, the rain having made it heavy.

The ninth and last event was a five mile handicap, class A. Those who started were F. G. Yule, scratch; J. A. Benson, seventy yards; J. A. Bailey, fifty yards; C. M. Carter, scratch; A. H. Halley, scratch; W. T. Banks, 100 yards; O. Adkinson, 200 yards; F. M. Tessier, scratch. But the racers had no more than got well started than it began to pour down rain and the course got so greasy that the men fell all over the track and the referee called them off.

During the greater part of the races the track was in a very poor condition on account of rain and poor time made.

Why cannot Lincoln wheelmen have a distinctive parade? What a sight that must have been in Chicago last Sunday when nearly 3,000 cyclists wheeled out of that city over the Evanston course!

THE COURIER will next week inaugurate a contest that will interest every wheelman or wheelwoman in the city. Look out for the details in the next issue.

It is interesting to note the victory claimed by the several manufacturers of wheels represented in the bicycle races at Lincoln Park on Decoration day. The honors seem to be about evenly divided between the Kearney and the Syracuse. Below is given the result as figured by one of the local racing men.

Syracuse—4 starters, 2 firsts, 1 second, 1 third.
Kearney—3 starters, 2 firsts one second
Stearns—3 starters, 1 first, 1 second, 1 third.
Munger—Six starters, 1 first, 1 second, 1 third.

THE COURIER Cyclist is indebted to Mr. Guthrie, agent for the Rambler, for the gift of a Standard Cyclometer, and herewith extends his thanks for the means of ascertaining the distance traversed on his wheel. Mr. Guthrie handles the Standard and all other cycle sundries.

The Wanderers were to have had a picnic after the races of Thursday to which the 4 C's were invited guests. Both were disappointed by the rain.

Look out for THE COURIER contest. It will make wheelmen's mouths water.

And it rained.
And the grand stand was dry—in spots.

And Tessier of Sutton,—who knows? Mockett and Carter rode Syracuse wheels.

Mud! Mud!! Mud!!!

The new Kearney special rode by Tessier was the object of much admiration.

Bloomers were out in force.

Manager Holt had the track ready.

"Money Saved is Money Earned."

"The Best is always the Cheapest."

TRUTH PROCLAIMED.

These two Proverbs do not conflict but are synonymous. They are condensed statements; meaning that the world's experience is that money is not saved by buying low priced goods.

Bicycling is in its infancy but has given us two phrases equally true and equally synonymous with the above. They are:

"Get the Best."

"Get the Rambler"

A CHANGE OF VIEW.

I hate the west wind on my face,
The wind that blows through infinite space,

That comes all thick with dust and sand
And cooks the crops on every hand;
That gives the farmers all the blues
And even fries the poet's muse.

Hot and fierce and strong and wild
You make me feel like I was "biled"
Wind of the west you make me tired
I wish someone would get you fired.

I hate the west wind on my face,
The wind that makes the sweat drops chase

In rivulets down my heated face.
I'm sorry that I wrote, alas, alack!
The poem in your praise last week,
But in these lines revenge I seek.

Hot and fierce and strong and wild,
You make feel completely "riled"
Wind of the west you make me tired
I wish some one would get you fired.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.
