

MORE INTEREST IN THE CONTEST.

THE COURIER cycle contest assumes a new phase this week. A new candidate appears in the work for the Lady's wheel and the other candidates have advanced some in the number of votes.

THE COURIER wishes to call special attention to the two wheels offered in its contest as compared with those offered by other newspapers in this city. Low grade wheels of heavy weight are not up to date and will only prove elephants on the hands of those who work for and win them.

The wheels offered by THE COURIER are the widely known and tested Victor and Syracuse bicycles. Light in weight, elegant and substantial in construction, built by firms of well known integrity and whose wheels are sought after by racing men and others who know what good wheels are. THE COURIER wheels are worth all the effort it will cost any one to win them.

Do not waste your time entering contests for inferior wheels. There are six weeks yet in which some energetic lady or gentleman in this city can put in some effective effort and win a Victor '95 gentleman's wheel or a Syracuse '95 Lady's bicycle.

The contest is growing warm, but there is yet time for considerable effort.

The Victor wheel is on exhibition at F. G. Yule's store at 113 North 13th street, and the Syracuse wheel can be seen in the window of the Lincoln Cycle Company at 208 So. 11th street.

The Victor wheel is as every one knows built by the Overmat wheel company and is among the best wheels in the market.

The Syracuse wheel—the Lady's wheel is built by the Syracuse Cycle Co., of Syracuse, New York, and is also in the top grade of high grade wheels.

Those who are working now or who may go to work for the wheels can do so with the assurance that they are working for strictly high grade \$100.00 wheels. Wheels that are all they are represented to be and that will give years of good substantial service without breaking down the person who rides them.

The contest stood as follows last (Friday) night at 6 o'clock.

THE COURIER has received word from President Ed M. Allen, who left last Thursday night for a trip to Memphis, Mo., and Beardstown, Ills. Ed. arrived at Memphis on Friday morning. He started to ride from Ottumwa, Iowa, to Memphis, but finding terribly muddy roads and "small mountains" was compelled to the train. He reports Mrs. Allen and the new girl doing nicely.

On next Tuesday night a meeting will be held at the home of Miss Maude McCain, 1536 Vine street, at which the young people who have been heretofore riding together under the denomination of "The Wanderers" will form themselves in to a regularly organized club. All riders in the city who are not members of any other organization and who may wish to join are invited to be present and make application for membership.

Messrs. E. K. Milmine, popularly known as "Doo" and Chas. C. Clark have associated themselves together under the firm name of Milmine & Clark at 208 So. 11th street. They have purchased the repair and rental business of the Lincoln Cycle Co. and would like to rent you a wheel occasionally and fix up the repairs you need. The boys are deserving of your patronage and are thorough bicycle mechanics. They have a card in this issue.

MISLEADING.

The announcement in one of the daily papers that Mr. L. G. M. Baldwin of this city had been sued by the Davenport Savings bank was misleading in several respects. The amount sued for was only \$8530 instead of \$20,000 as stated. The suit was not against Mr. Baldwin personally, and is not his personal obligation, but against him and the Pitcher-Baldwin Co. in conjunction, the latter a real estate corporation of this city, of which Mr. Baldwin was a member, and was brought by the bank at the request of the company in order to effect a settlement of some old claims, without a long circuitous litigation. It is to be regretted that such misleading items are allowed to creep in the columns of the daily press when a little investigation would furnish the proper information.

You can't be overcharged on "Shogo" flour. Its good at any price.

"Money. Saved is Money Earned."

"The Best is always the Cheapest."

These two Proverbs do not conflict but are synonymous. They are condensed statements; meaning that the world's experience is that money is not saved by buying low priced goods.

Bicycling is in its infancy but has given us two phrases equally true and equally synonymous with the above. They are:

"Get the Best."
"Get the Rambler"
