

THE STAGE

This week the Woodward Theatre company and Daniel Sully at the Lansing, and "Wang" at the Funke, made up the sum of theatrical entertainment. Henry Dixey, a reminiscence of his former self, appeared in a mediocre play at the Lansing last Friday night. Dixey is no longer Adonis. Sully has a few faithful admirers. The Woodward company has amused a large number of people. "Wang" sans Hopper, was voted by many as good as "Wang" with Hopper. Next week we will have the Holdens, James O'Neil and Al Field's minstrels.

ANNOUNCEMENTS

James O'Neil in "Monte Cristo" is an attraction that never fails to draw audiences, and his return to the Lansing

next Wednesday will undoubtedly be made a popular event. "Monte Cristo" will be put on with all the original splendor and interpreted by a compe-

tent company. In the public estimation among romantic actors, O'Neill stands facile princeps. He has the picturesqueness of Fletcher, whose successor he may well be called, and he possesses even in a greater degree Fletcher's poetic charm and Fletcher's diingenkni power. His by-play, that severest test of an actor's resources is appropriate, fertile, characteristic. He rises to the full height of a melo-dramatic "situation" on pinions that seem equal to any ascent. He scores his "points," for points are inseparable from the roles of romantic stage heroes, not only with unvarying precision, but with electrical effect. He seems made to move among the lords and ladies, the velvets and laces and rapiers of the romantic drama.

Field's minstrels will come to the Lansing Thursday, February 6. This

company is the most popular minstrel organization that visits Lincoln, and its annual appearance is awaited with genuine interest. Field has many new things this year. No company ever organized has achieved the wonderful success "Darkest America" has. When Al G. Field started to organize the company, a great many predicted its downfall and failure, saying that the days of negro performances was over. Such is not the case with "Darkest America." Al G. Field spent two years in organizing this company, and he naturally secured the pick of the colored profession. The performance is entirely original and different from anything ever produced in the minstrel line, and one of which Mr. Field is justly proud, as it only strengthens the hold he already has on public favor, as he has always fulfilled his promises, and thereby gained the confidence of the people.

The Holden Comedy company will return to the Funke opera house Monday night for an engagement of one week at popular prices. This company played to the largest business done by any repertoire company playing in Lincoln, last week at the Funke. They present strong plays, paying royalties to the authors, and the company numbers some very competent people. The Holdens have been playing in Council Bluffs this week, and have made the same impression that they made here. Monday night a gentleman and lady will be admitted on one 30 cent ticket.]

comes to stay

There is more than one food which will cause the body to increase in weight. A free supply of sugar will do this; so will the starchy foods; cream, and some other fats. But to become fleshy, and yet remain in poor health, is not what you want. Cod-liver oil increases the weight because it is a fat-producing food. But it does far more than this. It alters, or changes, the processes of nutrition, restoring the normal functions of the various organs and tissues.

Scott's Emulsion

of Cod-liver Oil with hypophosphites, is pure cod liver in a digested condition. So that when a person gains in weight from taking Scott's Emulsion, it is because of two things: First, the oil has acted as a fat-producing food; and, second, it has restored to the body a healthy condition. Such an improvement is permanent; *it comes to stay.*
