M. Ackermann has gone to Deadwood, S. D., for a visit.

C. C. Fletcher of Spokane, Wash., is visiting his parents in Lincoln.

Mrs. Jane Walker of Terre Haute, Ind., is visiting Miss Eleanor Raymond.

Mrs. J. H. Luke went to Toledo, Ia., yesterday, having been called there by the serious sickness of her father, Mr. Sperry.

Arthur Bishop, who has been attending the Chicago medical school, has returned to his home in Lincoln for the summer.

Mrs. S. A. Pratt has gone to Pawnee City to visit friends. She will be absent for three weeks. Mrs. Pratt is the mother of Captain Harry Pratt of engine house No. 1.

Mrs. Belle M. Stoutenborough, Miss Maude Mausee and Miss Margaret Davis of Plattsmouth are in the city to attend the commencement exercises of the state university.

Mrs. Albright of Red Cloud and her daughters, Mrs. Swartz and Mrs. Price, and grand-daughter, Lilla, of Lewistown, Pa., are visiting at the home of W. C. Cunningham, 1411 G street.

Deputy Auditor Hedlund has returned from his Phelps county home. He attended the county convention at Holdrege, which instructed a delegation of twelve to work for his nomination as auditor of public accounts.

George B. Frankforter, professor of chemistry in the university of Minnesota, an alumnus of Nebraska state university class of '85, arrived yesterday to attend commencement festivities. He is the guest of Chancellor MacLean.

The announcements for the Colorado summer school have just been received in the city. Among the lecturers appears the name of Prof. Amos G. Warner, who is highly spoken of, with the statement that he is from the university of Nebraska. The university people are much pleased. Professor Warner will deliver eight lectures on private corporations. Dr. Warner is now living at Green Mountain, Colo., at an altitude of 8,000 feet and his health is somewhat better.

A party composed of Mr. and Mrs. George A. Day, Mr. and Mrs. Phelps Palne and J. R. Sutherland went out on Saturday to visit the state industrial school at Kearney and on their return yesterday Mr. Sutherland said they were well pleased with what they had seen and the hospitable manner in which they were entertained by Superintendent John Mallahan and his corps of assistants. He said that the institution had about four acres of strawberries that were now yielding

several hundred quarts of berries a day, and that their principal diet while there was strawberries and cream, with new mown alfalfa hay and many other good things on the side. The farm consists of 400 acres and is under a high state of cultivation. The crops consist of alfalfa, corn, oats, sugar beets and beans, and all varieties of vegetables are grown in abundance. The Kearney canal that furnishes the power for the cotton mill and electric plant in the city runs through the south part of this farm and will be very valuable for irrigating purposes in dry seasons.

### THE JUNE RACES

Lincoln park association of Lincoln, Neb., will give, June 16, 17, 18 and 19, the greatest trotting and pacing races that have ever taken place in the west. The track and grounds are in magnificent condition. The horses entered for the many races are exceptionally good ones, \$1,000 purses being the attraction that brings great horses. Many of the famous horses and drivers for 1896 will be on the grounds and racing.

People who enjoy good racing and fine horses should not fail to attend this meeting, as no other opportunity like this will be afforded this year in or near this locality.

The first day will see the 2:09 pace, sixteen entries, eight of which have records of 2:08 1/4 to 2:10. No such lot of horses ever started in this state before.

The 2:28 trot, fourteen horses to start, is composed of very evenly matched horses and will be a great race, probably five to seven heats.

The 2:25 three-year-old pace has in it some of the prospective sensational race horses for the year 1896. They start under conditions that make every heat a horse race and no mistake. This purse is \$300, \$300 to be paid on each of the three heats, 50 per cent, 25 per cent, 15 per cent, 10 per cent to first four horses out.

The second day has the 2:15 pace with a number of very fast ones and promises to be finished in very fast time. The 2:35 trot with its large list of horses, and 2:23 pace, twenty horses, complete a day's program that will be remembered by those witnessing it.

Thursday, June 18, will be a red letter day in trotting history. Like the first day in pacing it has the great field of eighteen entries in the 2:12 trot and will be a sensational race. Then

comes the 2:35 pace with the largest field in any class and likely to be one of the fastest races of the meeting. The new phenomenal pacers generally start in this class to find easy money and as a rule it proves one of the greatest races of any meeting. This one will be no exception.

The 2:23 trot has a large list of evenly matched horses and this day will prove one of the best. In fact, every day will be a Nebraska day.

The races are on at Omaha and Denver this week and both strings of horses will meet at Lincoln on the 18th to 19th and make the contests so much better than either that any lover of racing should not miss it.

The usual price for such races is \$1. The management has cut the prices, and admission will be 50 cents.

The business men and citizens generally of Lincoln are in full accord with the management and will cooperate in making these meetings the greatest ever held in this state.
