### Y. W. C. A. NOTES.

Miss Cooklin, teacher of French in the State university, will talk to the Magazine club next Wednesday evening upon some of her experiences in Europe. All interested will be welcome.

The Friday evenings "at home" have been very successful of late. On the 5th about forty five girls enjoyed a candy pull, varied with music and recitations. On the 12th a Silhouette party was given. On the 26th there will be a Washington's Birthday entertainment, a little past the date but still in honor of the father of his country. Mrs. F. M. Hall will give an hour with the stereopticon, showing some of the views she secured abroad last summer. Prof. Hagenow will give the music for the evening, and an ice will be served. An admission fee of ten cents will be asked for the sake of raising money to secure table linen which is much needed. This entertainment is to be given by the lunch and rooms committee.

On Sunday there will be a union meeting of all the associations of the vicinity at the rooms, 141 South Twelfth street. The State university, Wesleyan Lincoln Normal and Cotner are invited to meet with the city association. The subject will be "Today, Tomorrow and the Day Following." Miss Wild is to be the leader and Mr. and Mrs. Sanderson will conduct the singing as usual. Miss Griggs, Miss Redford and the Wesleyan young ladies quartet will assist. Afternoon tea will be served from 5 until 6 o'clock and a good time is anticipated.

All ladies who wish to assist the association and benefit themselves at the same time can do so by buying a few yards of the "Brush Skirt Protector" at Miller & Paine's. It outlasts three ordinary bindings and is recommended very highly.

### NEW CLASSES IN BIBLE STUDY.

Tuesday evening a second meeting was called of those interested in forming a Bible Training Class for Sunday school teachers. Dr. J. F. Sterens, Mrs. E. F. Tucker, Prof. T. M. Hodgman and J. E. Miller had been appointed at the previous meeting as a committee to draw up some plan and report. Prof. Hodgman gave in the report in the absence of Dr. Sterens. The committee recommended an inductive course of study on the Book of Acts with Miss Wild as instructor. This plan was adopted and the following is the outline of study which has been prepared:

An inductive study of the Book of

Acts, to learn how to study the Bible without "helps" carried along two main lines of investigation, (1), the Development of the Church, showing how the church advanced from Jerusalem as a center with Paul as the chief figure; (2), A Character Study of the Apostles and Disciples, so that at the end each one shall have a clear picture of the most prominent persons in the book as portrayed by its author. This course will take up the Book of Acts as a whole but it will be the purpose of the leader to embrace in the section studied the lesson for the following Sabbath as given in the International Series. Some one of the best primary teachers of the city will be asked to present the lesson for that department at the close of the inductive work. A series of special lectures has been provided to take the place of the lesson in the first week in each month.

March—Dr. Halstead, the Book of Job; An Interpretation, showing how to analyze and grasp the contents of a whole book.

April—Prof. Bessey, Evolution and the Bible.

May—Prof. Sherman, Interpreting the Bible as Literature.

June—Prof. Luckey, The Importance of Child Study to the Sunday School Teacher.

A small fee will be charged for the course but the first lesson next Tuesday evening will be free to all interested. The class will meet at 7:30 at the Y. W. C. A. rooms, 141 South Twelfth street.

The following is an outline of the first lesson:

- An Introduction to the Study of Acts.
1. The method to be used.
  2. The purpose of the book.
  3. Criticisms of the book.
  4. Consideration of the first section, chapters 1-7.

Sociosis met February 9th with Mrs. Lees. A large number of the members and visitors gave closest attention to Mrs. Hartley's paper on "What Undertakings for the Benefit of the Public Can Best be Managed by the Municipality." She prefaced her history of what had been accomplished in many European cities by saying that all new movements probably passed through three stages. First, they were absurd; second, they were contrary to the teachings of the Bible; third, we always believed in them. After the facts, not vision, given concerning food inspection, baths, gymnasium, savings banks, lodging and wash houses, water supply, lighting, rapid transit, tenements, art galleries, assembly halls, etc., it seems impossible for us to do otherwise than place ourselves among those who have arrived at the third stage. When we cease to act according to "our divine right to do as we please" it is to be hoped American cities will try these reforms already tested abroad. The club will meet with Mrs. Barbour, 1724 L street, February 23, Mrs. Hodgman will lead, her subject being "Arctic Exploration."

The Woman's club of York met Monday afternoon, February 8, from 2 to 5 o'clock with Mrs. N. V. Harlan. Among the other items of business the club, by vote, decided to join with the three other clubs of York in a city federation, the president of which is Mrs. D. E. Sedgwick. The federation is to hold an open meeting one evening each month with program consisting of numbers from each club.

The history lesson was on "Greek History and Historians." The literary program subject, "Home," was thorough.
