The Union Printers' Art Poster Show at the State Capitol, Lincoln, Oct. 28th, will present to the public the largest and choicest display of the work of American and foreign designers ever shown in the west. The exhibit will not only consist of "art posters" and rare prints, but will contain a magnificent collection of three color plates, etchings, engravings, lithographs, monotypes, photogravures, etc. In connection therewith a department has been allotted local designers and art students and a "Poster Contest" inaugurated with the following rules to govern:

2. Design sketched or painted on sheets 19x24 inches; card board, water color or drawing paper; designs in colors or black and white as preferred; allow one inch margin on top, bottom and sides, making the surface of drawing 17x22 inches.

Concert by Prof. Hagenow's full band of twenty-eight pieces. Collection of three color prints will positively be the largest ever shown, as we have secured every house in this work to make a display. These are reproductions of celebrated paintings by the new process. Coloring, shades, etc., identical with originals. Not a "freak" poster show, but an exhibition showing the wonderful advance of art in the craft in the past few years. Calculated to broaden the appreciation of artistic advertising, to stimulate the demand for the better class of work, and to encourage local designers and art students by showing their possibilities and exhibiting their own work.

The Bureau of Education of the Trans-Mississippi exposition held its final meeting Tuesday, October 4, in the Girls' and Boys' building. The morning session was opened with a fine address by the president, Mrs. A. J. Sawyer. Reports of different officers and committees occupied the forenoon and the ladies were delighted to find that their financial venture of the Girls' and Boys' building was a success. The members expressed their appreciation of the work of the president and secretary by a rising vote.

A delicious complimentary luncheon was served at one o'clock in the library room. The toasts were as follows: Toast Mistress—Mrs. Sawyer.

The Bureau of Education—"How Camest Thou in this Pickle," Mrs. Kew.

Woman's Sphere—"A Crust of Bread and Liberty," Mrs. Hollenbeck.

The initial meeting of the year of the Plattsmouth Woman's club was held Friday evening, October 7 at the home of the president, Mrs. S. H. Atwood. The pleasant parlors were comfortably filled and those present manifested an eager interest in the plans of work for

the coming season. Each member was asked to give a short account of her summer vacation and many amusing and interesting incidents and instructive experiences were given in response to roll call. The presidents address was listened to most attentively and her wish that the club work of this year might be beneficial to herself and the club members found a ready response in the hearts of the women who have banded themselves together for mutual improvement.

Miss Redford and Miss Lansing, former residents of Lincoln, but eagerly welcomed in Plattsmouth circles, rendered several musical selections in a most charming manner.

A new departure, and one highly appreciated, was the serving of elegant refreshments by the hostess after the business of the evening was concluded. The club will meet this year in the parlors of the leaders of the various departments and it is expected that the formality which characterized the meetings held in public halls last year will be done away with and a more social and harmonious feeling prevails.

The Zetetic club of Weeping Water has again resumed its work. Gladly its members have taken up their course of study along the line of American history and literature as was evidenced by the number who came out to the opening meeting which convened at the home of Mrs. Dunham Saturday, September 24. The club was called to order by the retiring president, Mrs. Ingersoll, who, expressing herself as well pleased with the loyalty and kindness of the members during the past year, presented the gavel to her successor, Mrs. Margaret Sackett, who, graciously receiving the same, assumed the duties of the office. Her address, which immediately followed, gave to the club many suggestions regarding various phases of club work which will doubtless lead to greater activity along various lines. The whole clearly showed her desire to serve the club, also that which would be of the best interests of the club, would be of especial interest to its president.

The first number on the program was a paper, "The Land of Promise a Reality," by Mrs. Sackett, who brought to

view the wonderful reality which has been the full fruition of the promise which lured from beyond the broad waste of waters the early explorers and adventurers who sought in the new world to find wealth, or to found homes where religious freedom and toleration might reign supreme.

Mrs. Giradet and others took up the discussion, "Features of Early America," delving into pre-historic times. Facts concerning many things which lead to speculation and wonder as to the how, why and where, were brought to light.

Mrs. Cutler of Ohio was the guest of the club. Although not a club woman she looked forward to the day when she might be classed among that great body of women.
