We want the public to have faith in our guarantee—and for that reason we wish to inform all who have made purchases of clothing of us since our establishment, or all who intend making purchases in the future, that we guarantee thoroughly all our garments.

The Cloth, the Trimmings, the Linings, the Good Wearing Qualities

We have sold hundreds of thousands of garments since our establishment, and it may be true that now and then we have sold a garment in either our men's or boys' departments which has proven unsatisfactory to the wearer. Possibly the materials have not worn as well as they should, or perhaps the linings have worn out. It is impossible for us to guard against everything.

THEREFORE, WE GUARANTEE to make satisfactory any purchase made at our store that has in any way proven otherwise, and WE THEREFORE AGREE to reline any garment (either the sleeves, shoulders or the whole garment) when lining has not worn satisfactorily to the customer—whether silk lining, satin lining, serge or Italian lining has been used—FREE OF CHARGE.

When our merchandise fails to give satisfaction we much prefer to have the good will of the purchaser than his money—therefore we will appreciate the return of any garments purchased that have not proven in every way satisfactory.

This notice costs money and we want you to feel assured that unless we wished to make an extra effort to satisfy our customers and give them value received for every dollar spent at the Armstrong Clothing Co., we would not go to this expense to satisfy them. THIS IS HONEST! Therefore appreciate our efforts and come and see us if, at any time, you have cause for complaint.

S. G. ARMSTRONG,
A. H. ARMSTRONG.

High School Notes.

The Basket Ball girls deserve commendation. They have worked quite as hard as the foot ball boys. During the cold weather they have been permitted to play in a large room in the basement of the Science Hall but there are no baskets there. Once or twice they have gone to the university gymnasium on Saturday, but this is not entirely satisfactory. What the girls need is a gymnasium, and after all the spirit and enthusiasm they have shown, they deserve one.

A class for physical training has been organized.

A chosen few from the Ciceronean debating society accompanied by some of the enthusiastic members of the high school, went to Omaha Friday night.

On Friday evening the Junior play was presented.

The Senior pins have been ordered and most of the boys glory in neat blue caps ornamented in front with numerals.

The Girls' issue of the advocate has been postponed for a week.

The Browning club will give a party during vacation.

In chapel on Tuesday, Doctor Davenport discussed the Henry George policy.
