

York woman, who was a candidate at the Denver biennial, is again a candidate for this position of honor. Mrs. D. N. C. Brock, chairman of the reorganization committee, from Pennsylvania, is a strong rival. But many loyal club women throughout the United States hope to see Mrs. Lowe succeed herself. There is little doubt that Mrs. Brock has weakened her claim by the openly partisan bias she has displayed upon the reorganization question. Mrs. Lowe's administration has been exceptionally acceptable to the club women of the country, and that, too, under very trying circumstances. But in a quiet, dignified manner she has given her time and strength to the many duties pertaining to her office. I hope the general federation may have the benefit of her conservative leadership another year.

The National Congress of Mothers will meet this year in Des Moines, Iowa, May 21 to 25, by invitation of Governor Shaw, the mayor of Des Moines, chamber of commerce, board of trade, federation of clubs and the woman's club of Des Moines.

It is expected that thousands of persons from Iowa alone will attend, as during the past year in over eighty counties of the state mothers' clubs have been organized. The club women of Des Moines offer to entertain a thousand delegates free of charge, and to those who prefer hotels, the rates will not exceed one or two dollars per day. The convention will meet in the Auditorium, which seats forty-five hundred persons. The governor and mayor will welcome the congress to Iowa, and a large reception will be given by the governor. The program this year will take up the question of "Child Study and Its Possibilities for Boys," and the subject will be treated from the physical, intellectual and spiritual standpoints by men and women of note. "The Right Education for Women" will be the subject for one session, and this will be considered from various points of view. "The Training of Young Children" will occupy another session of the congress, and the "Child Saving Problem, in Its Many Attitudes" will be treated by men and women who have given the subject earnest thought and study. Colonel Parker will present "The Ideal Education." Mrs. Theodore W. Birney will speak of "The Benefits Derived from Organized Motherhood."
