

Birth was a gala day there. At six o'clock in the morning a golf match was played between eleven men for the breakfast. Eighteen holes were played, Messrs. Kinsler, Benney, Lowe, Kimball, Fairfield and Lemist, being the fortunate ones to eat breakfast at the expense of Messrs. Foye, Palmer, Austin, Lewis and Hascall. At two o'clock a mixed forenoon was played by Miss May McShane and Mr. Foye, Mrs. Sprague and Mr. Fred Hamilton, Miss Kountze and Mr. Burns, Miss Dewey and Mr. Russell Lemist, Miss Ellen McShane and Mr. Hascall, Mr. and Mrs. Charles Kountze, Mrs. Guiou and Mr. Frank Hamilton, Miss Mount and Mr. Harry McCormick. The winners were: Miss May McShane and Mr. Foye, who played the eighteen holes in 120 strokes with a handicap of two. A box of balls, one contributed by each player was the prize. Despite the wind the links were crowded all day and caddies were at a premium. In the evening an informal

dance was given at the club house, which was largely attended.

A. as its secretary for the past five years and has done wonders for its advancement from a small to a thriving and prosperous institution. The invitations for Thursday were extended through the columns of the "Budget" to members of the Board of Directors and committees of this year and last, to which about thirty-five ladies responded. The house and grounds were gay in decorations in the national colors and a silk flag was presented to Miss Cady by the Y. W. C. A. Ices were served and several guessing games gave entertainment to the guests, Mrs. Bowman winning the prize, a silk flag. The wise and prudent buyer will take advantage of this wonderful opportunity, as it will be by far the most startling bargain sale of Bicycles and Sundries ever announced in America. We will positively not mix one item of this stock with our own, but will distribute the entire Lincoln Hardware Company's stock among the Lincoln people, guaranteeing to cut their regular prices on every item at least

50 PER CENT

and in many cases a great deal more. All good things are bound to be imitated, but

TIME AND SPACE

are practically annihilated by the ocean cables and land telegraph systems which now belt the circumference of Old Earth in

so many different directions. "Foreign parts" are no longer foreign in the old meaning of the term. Europe, Africa, Asia, are "next door" to us. What happens there to-day we know to-morrow—if we read THE CHICAGO RECORD, whose Special Cable Correspondents are located in every important city in the world outside of the United States. No other American newspaper ever attempted so extensive a service; and it is supplemented by the regular foreign news service of The Associated Press. For accurate intelligence of the stirring events which are shaking the nations—of wars and rumors of wars—of the threatening dissolution of old governments and the establishment of new—of the onward sweep of the race in all parts of the world—the one medium of the most satisfactory information is the enterprising, "up-to-date" American newspaper, THE CHICAGO RECORD.

FREE A large map of the world on Mercator's Projection, about 23x16 inches in size, beautifully printed in colors, with a large-scale map of Europe on the reverse side, will be mailed to any address free of charge on receipt of request accompanied by two 2-cent stamps to cover postage and wrapping. The maps illustrate clearly how comprehensively the special cable service of THE CHICAGO RECORD covers the entire civilized world. Address THE CHICAGO RECORD, 181 Madison Street, Chicago.
