"A Budget of Letters"

BY
RUTH
M.
WOOD

It is a new book just out. It contains an account of the Doctor's travels through this and European countries; is interesting and instructive, and is something a friend would prize very highly as a gift. It is a budget of letters to a friend, just as the title suggests, and is fascinating on account of this personal quality, as well as for the information it conveys. For sale at Lincoln stores.
